The French claim to have gained more ground. The only thing on which the two sides agree is that inactivity prevails in Suwalki.

## AMERICANS WOUNDED BY MEXICAN BULLETS

Four Troopers and Three Civilians on United States Side of Boundary Injured.

**FULL PARTICULARS SOUGHT**

Fighting Continues Between Troops of Generals Maytorena and Hill Near Naco—Threat Is Made of Attack by Aguilar on Vera Cruz.

[Special to The Times-Dispatch.]  
WASHINGTON, October 17.—Seven Americans, four troopers of the Ninth and Tenth Cavalry and three civilians, were wounded in Naco, Ariz., to-day by bullets fired by belligerent Mexican forces across the boundary. Unofficial dispatches received here late this afternoon gave this information.

The War Department sent a dispatch to Colonel Hatfield, commanding at Naco, Ariz., asking full particulars concerning the shooting of Americans.

Colonel Hatfield, in a report to the War Department, stated that two American women were injured at Naco from bullets fired by Mexicans on the Mexican side.

The fire was directed by Villa's troops under General Maytorena, at the Carranza troops under General Hill.

The latter's defense is that he is up against the boundary.

Colonel Hill, in a report to the War Department, stated that he would issue the call and fix the date for the opening of the extraordinary session as requested.

The effect is merely to delay the contemplated action of Governor Stuart. The petition in this instance is only a formal procedure, which Governor being authorized by law to call an extra session of his own volition when, in his judgment, an emergency affecting the interests of the people of the Commonwealth warrants it.

In this case the requisite number of signatures appears on the petition, but the Governor is not now a member of the Senate, having resigned since the General Assembly adjourned.

Their successors will not be elected until November 3. Senator R. L. C. Blount resigned to accept the internal revenue collectorship for the Eastern District of Virginia, Senator John Hart in now collector of internal revenue for the Western District and Senator Montague is postmaster of Portsmouth. The names of these former members of the Senate being stricken from the list, the petition becomes invalid.

## THREE AT TIME KILLED WITH GERMAN BULLETS

Account of Advance Through Belgium Contained in Diary Found on Officer.

**WANT TO BURN EVERYTHING**

Frequent References to Looting, and Writer Adds He Cannot Resist Taking a Memento or Two Himself—Heavy Losses Mentioned.

LONDON, October 17.—The war information bureau has made public an account of the German advance through Belgium, contained in a diary found on a German officer on a recent battlefield. The account begins on August 9, and ends with September 25, some time after the German withdrawal from the vicinity of Paris began.

The writer relates that villagers often sniped the advancing Germans, making it necessary to kill them and to set fire to their houses.

"At one place in Belgium," writes this officer, "sixteen villagers were drawn in three ranks, and one shot did for three at a time. Our men are absolutely mad at this sneaking way of fighting, and they want to burn everything."

"August 28.—We are billeted at Guedoules. The inhabitants fled and our men again. At Lette apparently 200 villagers were shot. There must have been some innocent among them, because the writer adds that he heard an inquiry as to their guilt, instead of shooting them."

The diary refers frequently to looting, and the writer adds that he could not resist taking a memento or two himself. He also refers to several occasions upon which, owing to confusion, he was shot and wounded by their own gun fire.

Up to September 8 the writer says the One Hundred and Seventy-eighth Regiment had 1,700 men wounded in addition to the killed. Virtually no officers were left.

## STOPS FALLING HAIR

This Home Made Mixture Stops Dandruff and Falling Hair and Aids Its Growth.

To a half pint of water add:  
Bay Rum ..... 1 oz.  
Barbo Compound ..... a small box  
Glycerine ..... 1 oz.

These are all simple ingredients that you can buy from any druggist at very little cost, and mix them yourself. Apply to the scalp once a day for two weeks, then once every other week until all the mixture is used. A half pint should be enough to rid the head of dandruff and kill the dandruff germs. It stops the hair from falling out, reduces itching and scalp diseases.

Although it is not a dye, it acts upon the hair roots and will darken streaked, faded, gray hair in ten or fifteen days. It promotes the growth of the hair and makes harsh hair soft and glossy.—Adv.

Colonel Hill, in a report to the War Department, stated that he would issue the call and fix the date for the opening of the extraordinary session as requested.

The effect is merely to delay the contemplated action of Governor Stuart. The petition in this instance is only a formal procedure, which Governor being authorized by law to call an extra session of his own volition when, in his judgment, an emergency affecting the interests of the people of the Commonwealth warrants it.

In this case the requisite number of signatures appears on the petition, but the Governor is not now a member of the Senate, having resigned since the General Assembly adjourned.

Their successors will not be elected until November 3. Senator R. L. C. Blount resigned to accept the internal revenue collectorship for the Eastern District of Virginia, Senator John Hart in now collector of internal revenue for the Western District and Senator Montague is postmaster of Portsmouth. The names of these former members of the Senate being stricken from the list, the petition becomes invalid.

The War Department sent a dispatch to Colonel Hatfield, commanding at Naco, Ariz., asking full particulars concerning the shooting of Americans.

Colonel Hatfield, in a report to the War Department, stated that two American women were injured at Naco from bullets fired by Mexicans on the Mexican side.

The fire was directed by Villa's troops under General Maytorena, at the Carranza troops under General Hill.

The latter's defense is that he is up against the boundary.
